**DESCRIPTION AND PURPOSE:**

This is a Final Process Change Notification to announce the addition of a new wafer fabrication site for the devices covered in this notice. Devices formerly manufactured at the AMPI foundry site will also be manufactured at ON Semiconductor Niigata Co., Ltd. (OSNC) following the expiration of this notice. OSNC located in Niigata, Japan has obtained ISO9001 certification.

The product design and electrical specifications will remain identical. A full electrical characterization over the temperature range will be performed for each product to check the device functionality and electrical specifications.
